

ACCUCUFF™

AccuCuff™ Cuff Pressure Indicator

Representing a significant advance in cuff pressure monitoring, the AccuCuff™ cuff pressure indicator is one of our most innovative intubation safety devices.

- Continuous visual display eliminates the need for constant spot-checking and **reduces the risk of Post Ventilatory Pneumonia**
- Negative pressure graduation ensures cuff is fully deflated, **reducing the risk of trauma during removal**
- Lightweight device **reduces drag and potential tube displacement**
- **Suitable for use on a wide range of airway devices** extending usage into many clinical areas
- Simple design for **ease of use**
- Pressure can be quickly and easily adjusted **avoiding excessive cuff inflation**
- **Individually Wrapped**
- **MRI Compatible**
- **Single Use** 
- **Latex Free** 
- 5 year shelf life allows **long term storage and reduces waste**
- Supplied in **boxes of 50**
